Our companies offer a range of services, covering the supply both temporary and permanent labour, and the provision of an onsite managed service solution.

All of the hirers that we work with, and all of the work-seekers we provide, are known to and identified by our staff. All of the temporary workers we supply are identified by our staff. Some of these work-seekers operate through their own limited companies. Some of our work-seekers are supplied via other businesses, who facilitate providing them to the eventual hiring company.

The hiring companies that we work with are located in the UK. The workers we supply also live in the UK.

As part of our business, we work with the following organisations:

- The Gangmasters and Labour Abuse Authority (www.gla.gov.uk)
- the Recruitment and Employment Confederation (www.rec.uk.com)
- Stronger Together (www.stronger2gether.org)
- Association of Labour Providers (Association of Labour Providers)

2. Our Processes for Managing Risk

We have identified that the recruitment sector of our business holds the biggest risk to labour exploitation.

AM2PM Recruitment Solutions (Birmingham) Ltd. AM2PM Staff Solutions Ltd and AM2PM Recruitment Services Ltd, supply workers to hiring companies throughout the UK. We hire some of the workers directly, who are directly recruited by our staff. Some workers may be hired directly by other businesses. Some of these workers operate through their own limited companies. We facilitate supplying a mix of these workers to the hiring companies.

Risks are managed through our direct recruitment process by:

- All staff responsible for recruiting and sourcing workers are trained and required to sign up to a set of Registration Principles that govern their methods of recruiting new staff
- We use systems that include checks that must be completed before engaging workers, including right to work checks, interviews, obtaining references
- We use software to validate eligibility to work
- We only pay into bank accounts in the name of the worker (and require evidence of this)
- We are able to highlight if the same addresses or bank details are being used by more than one worker
- We carry out regular internal audits of our own offices and onsite locations to ensure that our high standards, policies and practices are being met.

In order to minimise the risks of modern slavery within our supply chains we:

- Require suppliers to complete questionnaires outlining their policies and processes including commitments around modern slavery, human trafficking, forced labour, human rights, and whistle-blowing.
- Reserve the right to conduct spot-checks of the businesses who supply us, in order to investigate any complaints.
- Only authorise senior members of staff to sign contracts and establish commercial relationships in any area where we have identified the potential for risk.
- ensure that all of our suppliers are members of appropriate industry bodies and working groups.
- Encourage our staff to bring any concerns they have to the attention of management.

3. Our Training

All of our staff receive training and support that is appropriate to their role. In particular, we have Champions situated across the company that have completed training and guidance around modern slavery and human trafficking, as well as other wider human rights issues.

All of our staff receive awareness-raising information around issues involving modern slavery and human trafficking, so that they can bring any concerns they have to the attention of management. As part of this, our staff are encouraged to discuss any concerns that they have.

4. Our Policies

In addition, AM2PM has the following policies which incorporate ethical standards for our staff and our suppliers.
